Manpower Management

The concept of co-operation in Industrial Relations was implemented through which of the following? Which of the following is not a correct statement pertaining to the meaning of trade union? In terms of employment, it is the largest single industry in the United States; yet there has been no reasonably comprehensive study of the labor market in construction since the 1920s. Assertion A : In the post economic reforms era Indian business houses initially had to take strong decisions in terms of cost cutting measures and human resource rationalization. So we can classified industrial relation Management as three category.
