Display and download climate data

This tool can help practitioners store, query and view water budget results, allowing for detailed assessment. The WMO considers thirty years long enough to eliminate year-to-year variations.

Ontario Centre for Climate Impacts and Adaptation Resources

OCDP: Ontario Climate Data Portal The Ontario Climate Data Portal OCDP was recently launched to ensure technical or non-technical end-users e. The is designed to facilitate access to climate data and tools through features such as the Library of Climate Resources, interactive climate data viewer, and extraction tool. The resources are indexed so that users can easily locate climate data by specifying parameters, indices, downscaling method and scale of interest.

Daily Data Report for February 2021

The support desk can be reached via or phone: 1-833-517-0376. Results from the third TAR , fourth AR4 , and fifth AR5 IPCC Assessment Reports are available.

Toronto Ontario Canada Climate Statistics, with Monthly Temperatures, Precipitation, & Snowfall, including Toronto Extremes

The OCDP incorporates the high-resolution 10 km x 10 km climate projections developed by the at the using based on a large ensemble of global and regional climate model results released under the latest IPCC AR5. ClimateWizard represents the first time ever the full range of climate history and impacts for a landscape have been brought together in a user-friendly format.
