Perhaps at no time during the last fifty years have the Baths of Bath been excelled in the comforts and luxurious arrangements made for bathers, by a? A further chapter has likewise been added on The Therapeutics of Bathing, which brings the subject of Baths and Bathing up to the level of the physiological knowledge of to-day, and we hope this portion of the work may be carefully read and digested. Cirencestre town hath but a Bailife to govern there. It is rational, therefore, to conclude that there must be increased tissue metamorphosis, and the comfort experienced after massage, doubtless, arises from the presence of natural worn-out debris being speedily removed from terminal nerve filaments.
