Don't obsess about the future; instead, focus on living in the present.

How To Stop Worrying And Start Living Summary

It's that kind of book that you need to be on your bedside so you can go back to read again and again.

How to Stop Worrying

All the time left over is your free time, to use for relaxation or whatever else you want. And this is all that life really means.

How to Stop Worrying and Start Living by Dale Carnegie

It does not make a difference whether it happened during the first century or current, worry is a constant no matter when you live. He liked the idea so much that he continued to keep such a record even after he became rich, world famous, and had a private yacht. We already know enough to lead perfect lives.
