Subject Matter

Libraries can be critical partners in this work.

Public library funding cuts and decline in library usage

ByWater also supports the CORAL ERM system, which provides services for seven academic libraries. The survey found that 17% of responding libraries say there are no digital scholarship services at their institutions, while 41% described their digital scholarship services as merely ad hoc.

2020 Library Systems Report

The Reference and Research Division maintains a variety of textual and microform records, a non-circulating library of secondary sources, and a broad array of Web-accessible research databases for the study of African American culture and history and the African Diaspora. The facility accommodates these activities on the main level—through an auditorium, two lecture spaces, and three gallery spaces. STEWART VARNER is digital scholarship librarian and subject liaison for American studies, American history, and British history at the University of North Carolina at Chapel Hill.

2020 Library Systems Report

One of the most prominent examples of scholarly publishing in DH is the digital edition sometimes known as digital scholarly edition or digital archive.

2020 Library Systems Report

Axiell reported 1,434 installations of MikroMarc and 10 new sales this year. The survey suggests that most librarians would prefer this model as well, with 63% of those surveyed reporting that they believe the primary role of a DH librarian should be as full-fledged project collaborator and participant.

IMLS Releases New Data on American Public Libraries

Indeed, more than 40% of survey respondents said their libraries are advocating for coordinated, cross-campus support for digital humanities. Library instruction sessions are also expanding to include training on tools and techniques for text analysis. Libraries that use KLAS have unique workflows, since many of their loans take place by mail rather than in person.
