Walt Magnavice This is sad news. Translation completely revised and regularly updated by Ute Reusch. On the USSVI pages and the sub memorials pages, if you click on legacy pages and then go to Texas and look up the Seawolf Memorial, you'll see a nice history of how Ron worked to get that memorial site.

World War III worries after US strike kills Iran general

A page turner, better than even Clancy at his best, and something in the action for all the characters and readers. SSN that came back with only MK48 and nothing else in horizontal or vertical tubes.
