

Policies for the production and marketing of essential drugs - technical discussions of the XXIX meeting of the Directing Council of PAHO.

Pan American Health Organization - Provisional summary records of the plenary sessions=Actas resumidas provisionales de las sesiones plenarias

Table 1: Potential (projected) impact of approaches to address patient-related access challenges		
	Pooled voluntary licensing	Using TRIPS flexibilities
HIV medicines period 2015-2028	US\$ 1089-1392 million savings, corresponding to 7.9 million patient years ^{1,2} (free treatment) ³ 11-14 medicines, 100-127 countries	US\$ 678-942 million savings, corresponding to 4.5-6.2 million patient years ^{1,2} (free treatment) ³ 4-6 medicines, 4 countries
two new TB drugs (bedaquiline & delamanid) period 2015-2035	14,000 MDR-TB patients cured; 31,700 deaths averted; US\$ 184 million savings 116 countries with > 65% of the global MDR-TB burden	4,500 MDR-TB patients cured; 6,800 deaths averted; US\$ 59 million savings 22 countries with > 21% of the global MDR-TB burden
one hepatitis C drug (sofosbuvir) period 2015-2030	US\$ 1294-1700 million savings 108-114 countries	US\$ 768-1174 million savings 13-19 countries

Notes: - For a summary of methodology and sources, see Annex 1.
- The methodology used to estimate the potential impact of increased access to TB drugs differs from that for estimating the impact of increased access to HIV and hepatitis C medicines. As a result, for HIV and hepatitis C, estimates on the number of patients cured/deaths averted are not available.

UNGASS Roundtable 2: Supply reduction and related measures

There are different perspectives on the road and challenges ahead of us. Created a conducive environment for transfer and smuggling of drugs. We must prevent drugs from entering our shores.

Provisional summary records of the plenary sessions=Actas resumidas provisionales de las sesiones plenarias

Finally, in the context of submission review it is important to note in passing that some external key informants expressed concern about the efficiency of Health Canada's approach to regulating combination products. We have work really hard to make it happen. Sweden is happy to be a member of CND as of this year.

Report Annex

Overall, 94% of Schedule F shipments were refused entry in these two years, including 24% of all shipments that were refused on suspicion of containing counterfeit product.

Report Annex

Adolescent labor shall be the exception rather than the rule and cannot undermine their right to education nor can it be carried out in situations that are harmful or dangerous to their health or personal development.

Ecuador: 2008 Constitution in English

In the first study, 95% of users reported being satisfied with the performance of participating doctors, while 86% said the quality of care had improved as a result of the program.

Report of Actions Taken by Different International Organizations

The State shall adopt measures to prevent and eliminate trafficking in persons and to protect and socially reinsert victims of trafficking and other forms of the infringement of freedom. We must block the channels of drug trafficking and consumption.

Evaluation of the Human Drugs Program 1999

Los textos de las actas resumidas se publicaran en las Actas de la Reunion. Health is a right guaranteed by the State and whose fulfillment is linked to the exercise of other rights, among which the right to water, food, education, sports, work, social security, healthy environments and others that support the good way of living.
