Sometimes I even knew where I was: found 76 Liz Williams Asimov's myself traversing familiar neighborhoods, and it was almost as though I were alive once more. My speed is so tremendous that it takes over a second of my engine firing at a miUion gravities to circularize my orbit.

Reflections

In his long life, he used his enormous powers to destroy whole empires, trying to remake the world according to his own idiosyncratic ideals.

Current Issue

The story itself, detailing the humorous efforts of a frustrated ex-boyfriend to kill his former girlfriends nigh indestructible alien paramour, is moderately humorous. There was a moment of silence. Casimir thud- ded into the seat next to her and rolled down the door; Sula called up the chronometer on her sleeve display.

Asimov's Galaxy: Reflections On Science Fiction

But I know more than you. The story is told from the viewpoints of two major characters.

Asimov, Isaac 1920

At times Stross' world can be so fast-paced and complex that it threatens to alienate the reader, but then fast-paced complexity is integral to

Stross' vision in this series, and part of the reason it is so fascinating and memorable. This was still not the natural world.
