The Tone of Teaching: The Language of Pedagogy: van Manen, Max: 9781629584201: play.fridaynightfunk.rf.gd: Books

What seems a positive gesture on the part of the teacher to compliment a student on good work has potentially ambivalent significance. Children automatically check what we say with our mouths against what we say with our eyes.

Mood and Tone — Teaching Intentionally

Thank you for this article.

The tone of teaching (1986 edition)

So we need to be aware how we, as teachers, are known by our children as we are captured in turn by their glance. I did not need a mirror to know that my face was blushing red.

The Tone of Teaching: The Language of Pedagogy: van Manen, Max: 9780920354506: play.fridaynightfunk.rf.gd: Books

How intimately the human body is connected to the human spirit! The big things are always in the small! Unless it is the voice of Aretha Franklin, James Brown or, on one memorable bus ride, William DeVaughn, said Laurie Cahn, a San Francisco Unified School District bus driver who retired last year after 42 years of service. Part Two-Students will find a song with a similar mood and tone and explain how the lyrics from the song developed the tone. I did not trust my eyes.
