Towards Fair and Efficient Pricing in Transport Policy. Policy Options for Internalising the External Cost of Transport in the European Union. Green Paper. COM (95) 691 final, 20 December 1995

Common European transport policy must reconcile the need for increasing mobility with concern for the environment; this consideration has focused attention on the positive role of a revitalised rail sector on the future of Europe. This paragraph shall only apply to awchich is redesignated after the date of the enactment of this section.

LNG for transport

This strategy lays the foundation for how the EU transport system can achieve its green and digital transformation and become more resilient to future crises. The agency also will provide demographic information and other data, along with examples analyses that states have conducted to assess the impact of other rules. Gasoline includes aviation gasoline and motor gasoline.

Transport fuel and taxes in Europe — European Environment Agency

Now the purified natural gas — methane with some ethane — is ready to be liquefied.

23 U.S. Code § 134

It is proposed that the Commission:-approves the attached Green Paper; agrees to its communication to the European Parliament, the Council of Ministers, the Economic and Social Committee and to the Committee of the Regions; agrees to its publication as a supplement to the EU bulletin.
