Ewch i am wybodaeth ynghylch Llywodraeth ddatganoledig Cymru. But, clearly, we will continue to work with the housing Minister to ensure that those students who would be described as a single household are subject to the same consideration when we look at the wider issues related to individuals who find themselves living alone in the pandemic—some who might be vulnerable, some of them who are not vulnerable.

There can't be many other groups of citizens that will be moving in such large numbers from one community to another at particular times. So, can you assure us that zoning hospitals, or moving certain care to specific sites, is going on and will be a way of ensuring that higher levels of cancer care can be delivered than otherwise when we face these sorts of emergencies? What is different, though, about the Royal Glamorgan is that we have a higher reservoir of coronavirus within the surrounding community. Government at the earliest opportunity, and that new or revised proposals would be subject to public consultation. Gwn fod athrawon yn gweithio'n galed iawn i gael y sgysiau hynny gyda rhieni ac i roi'r sicrwydd angenrheidiol. Rwy'n disgwyl y cawn fwy o wybodaeth gan y bwrdd iechyd, ac y bydd ffocws parhaus hefyd ar weld a fydd y gyfradd heintio'n cyrraedd penllanw, fel y gwnaeth yn Ysbyty Maelor Wrecsam, ac yn gwella, a pha mor hir y bydd hynny'n para.

Amdanom ni

Thank you, Jenny, for that. Is there advice that you've been able to give to colleges to overcome this particular barrier that some young people are now facing as a result of having siblings or others in their families who may be extremely vulnerable? Local branches and groups Working alongside community groups, health and social care professionals, our trained volunteers encourage you to take a proactive role in managing the physical, mental, and emotional aspects of arthritis.
