**Evaluation of the persistence of**

**transformation products from ozonation of trace organic compounds**

Hawkins, Polymer Degradation and Stabilization, New York: Springer, 1984, 119.

## International conferences

The main effects independent parameters , quadratic effects square of the independent variables , and interaction effects of the variables have been considered separately to build best subset of the model.

**Assoc. Prof. Dr. Tuba Hande Ergüder Bayramoğlu**

Performance evaluation for a contamination detection method using multiple water quality sensors in an early warning system, Water, 2015, 7, 1422-1436. Risk analysis-based emergency scheduling method for water supply system with multiple sources.

**Chaire modelEAU: Livre et actes de conférences**

In: Experimental Methods in Wastewater Treatment.

**International conferences**

Gent, Belgium, Januari 14-15 2004. The various results which indicate the effect of replacement of cement by metakalion on HPC are presented in this paper to draw useful conclusions. Spa, Belgium, March 30 - April 2 2014.

**Associate Professor Liu Ye**

In: Proceedings 14th IWA International Conference on Diffuse Pollution and Eutrophication DIPCON2010. The experiment results indicate that the algorithm presented here displays higher convergence speed, precision and stability than PSO, and is a effective solution to VRP. Using concept hierarchies to enhance user queries in web-based information retrieval.
