### 1860 L'Imitation de Jesus

Most of the theological and spiritual concepts are high theology and spirituality, however you can find practical concepts or thoughts that you can apply in your life.

### The Imitation of Christ by Thomas à Kempis

This is NOT a retyped or an ocr'd reprint. Demanding and ascetic, the upward road to salvation.

### Imitation Christ Four, First Edition

It offers an almost offensive antidote for those people like me who are infected by the spirit of twenty-first century Western-style Christianity. I highly recommend this to people who have good theological and psychological education, and mature spiritual experience. Baptized, second-act-of-grace sanctification, Youth for Christ trained, Billy Graham crusade foot soldier.

### The Imitation of Christ. by a Kempis, Thomas

You can always get yourself a copy and just read what appeals to you. No, it's most definitely not pro-woman. Imitation of Christ was written by a Benedictine monk around 1429.

### The Imitation of Christ. by a Kempis, Thomas

We found this book important for the readers who want to know more about our old treasure so we brought it back to the shelves. Possible clean ex-library copy, with their stickers and or stamp s. The content of this print on demand book has not been changed.

## **1860 L'Imitation de Jesus**

The content of this print on demand book has not been changed. While I agree that humility is a difficult virtue to exist alongside human intellect, as humanity is always inventing ways to be impressed with itself, I cannot endorse Kempis' view that the world and self should be completely despised. In the last quarter, he practically begs for those worthy feelings that he believes he should have to celebrate the Eucharist aright.

### **The Imitation of Christ by Thomas a Kempis**

It was the first sharp departure from my Prottestant Reformation comfort zone, and began a long, slow and still evolving transformation. When I do not remember who to be, or how to live, or what to think, then it is best for me to recall this book.
