## Tips for Finding a Bluewater Cruiser

Generally, it is a bad idea to use stainless steel underwater, because it can pit.

## Overnight Parking at Truck Stops

It is essential to know which unit of measurement is used. And because they build truck stops so truckers have a place to park for their work. Due to the times, I just lost my career of 32 years and my home.

## Boat navigation for the rest of us : finding your way by eye and electronics (Book, 2001) [play.fridaynightfunk.rf.gd]

The surveyor's notes will be more meaningful if he's able to discuss with you what he's examining.

## Interstate Rest Areas

Cap shrouds support the masthead via usually single in-line spreaders, while lower shrouds running fore and aft from the hounds to the deck hold the rig in column. On a broad reach or a run in an ocean seaway, the huge booming-out poles which result make this a liability.

## Boat Navigation for the Rest of Us: Finding Your Way by Eye and Electronics (Edition 2) (Paperback)

Captain Brogdon explains in plain, simple language.

## Overnight Parking at Truck Stops

The hard truth is that on the ocean nothing is given for free. On larger scale charts, contour lines are often shown for three fathoms, two fathoms, one fathom, and sometimes even three feet. A well designed long-keeled yacht can heave-to under short canvas in a gale of wind.
