Statements

What about the men in this? Many health care organisations have identified position statements or endorsed position statements in relation to tobacco, smoking, and health. Except as expressly stated on this site or as otherwise permitted by applicable law, no content on this site may be used or reproduced without the permission of the copyright holder.

Clinical Policy

It can be admissible in certain legal proceedings, but it must be clear that it is hearsay evidence. In addition, it would look at the regulation and quality monitoring processes that must be in place to protect the rights of women to access free, safe and effective services, and support best healthcare practice.

Strategic Research Alliance with the Royal College of Nursing

The RCN said it believed that termination of pregnancy should be treated the same as any other clinical practice, remaining subject to the regulations that apply to all such procedures. Accordingly, the RCN shall not be liable to any person or entity with respect to any loss or damage caused or alleged to be caused directly or indirectly by what is contained in or left out of this website information and guidance. Self-care is noted in the literature as a form of protection against stress.

Supporting Nursing in Care Homes

If you are purely a witness, and you are sure that your conduct or practice is not being questioned, write the statement by following our guidance and hand it in - we don't need to check it for you. The easiest way to get in touch with us is 7 days a week. No branch meetings have been called to discuss the life and death issues facing nurses.
