Through these new tales, they can become, for the first time, active subjects in their own stories. Communicative Rationality: Between Spheres of Validity. Through these new tales, they can become, for the first time, active s Maria Pia Lara develops a new approach to public sphere theory and a novel understanding of the history of the feminist struggle in this bold, groundbreaking work.

Moral Textures: Feminist Narratives in the Public Sphere by Maria Pia Lara

Abstract: In this original work, the Mexican political philosopher, Maria Pia Lara, develops a new approach to public sphere theory and a novel understanding of the history of the feminist struggle. Feminism as an Illocutionary Model. When dominated groups create publicly--oriented social movements, she argues, they seek to frame their demands in compelling narrative forms.
