Agriculture in transition economies: from common heritage to divergence

See the RePEc data check for the and.

Agricultural Landownership in Transitional Economies: Gene Wunderlich (Ed.); University Press of America, Lanham, MD, 1995, vii +147 pp., US\$ 42.50, ISBN 0

The greater portion of the profits generated by the export trade benefitted British business families, big farmers, some Indian traders, and moneylenders. These small forms of social organization have been for the most part dissolved, and are disappearing, not so much through the brutal interference of the British tax-gatherer and the British soldier, as to the working of English steam and English free trade.
