Welcome to CAB Direct CAB Direct is the most thorough and extensive source of reference in the applied life sciences, incorporating the leading bibliographic databases CAB Abstracts and Global Health. What's new CAB Direct now works with LibKey! The research on yellow fever alone in the last few years has reaped a harvest of knowledge, some of which has led to identification of other diseases. This edition has been thoroughly revised and reformatted but not at the expense of its character.

CAB Direct

This preface introduces the 23rd edition. Today, tropical diseases remain leading causes of death and disability in developing countries and there is still an important place for a textbook about these conditions and the challenges of old and new diseases in a changing world. CAB Direct provides a convenient, single point of access to all of your CABI database subscriptions.

Tropical diseases [electronic resource] : a manual of the diseases of warm climates : Manson, Patrick, Sir, 1844

While it is hoped that the book may prove of practical service, it makes no pretension to being anything more than an introduction to the important department of medicine of which it treats; in no sense is it put forward as a complete treatise, or as being in this respect comparable to the more elaborate works by Davidson, Schebe, Rho, Laveran, Corre, Roux, and other systematic writers in the same field. He would also acknowledge his great obligation to Mr Richard Muir, Pathological Laboratory, Edinburgh University, for his care and skill in preparing the illustrations. It is in the publisher's cloth binding This edition 1898 was originally printed in April 1898.
