Poland and Finland are the salient examples: Poland had a tradition of statehood, but Finland did not; its statehood was brought into being by Russia in 1809. In total, up to 90% big animals disappeared for ever, although those species had endured twenty Pleistocene climatic cycles.

## Eurasian Law Journal № 6 (145) 2020

In this connection, the most important condition for compliance with the law depends on a clear legislative regulation of the provisions on competence. Agriculture has achieved a high level of mechanization and is making the transition to comprehensive mechanization of the entire production process, including animal husbandry. The peasant commune members paid quitrent in cash and kind, performed a great deal of labor on public works projects the construction of irrigation works, temples, palaces, and military fortifications and the building and maintenance of roads , and performed various duties on behalf of the king and the aristocrats.

## Administrative and Territorial Transformations in the Adyghe Autonomous Region in the Soviet Period and Their Influence on Population Size and Structure

Meisenheim am Glan Verlag Anton Hain , 1978. Bassein Oki v epokhu bronzy.
