Ultra littus, ultra mare, Per Europam Fleetstreetare, Res periculosa. And garlands were surely of frequent use among them; for we read in Galen, 1 that when Hippocrates cured the great plague of Athens by fires kindled in and about the city: the fuel thereof consisted much of their garlands.

## Full text of diary of John

We have therefore no date of any other poetical production before that which the murder of the duke of Buckingham occasioned; the steadiness with which the king received the news in the chapel deserved indeed to be rescued from oblivion.

## Full text of Thomas Browne's works : including his life and

Helpful access templates: helpful templates There are two templates to help link to the correct page: {} and {}. London: Printed by J. Bad dispo- sitions require some time to grow into bad habits; bad habits must undermine good, and often repeated acts make us habit- ually evil: so that by gradual depravations, and while we are but staggeringly evil, we are not left without parenthesis of considerations, thoughtful rebukes, and merciful interventions, to recall us unto ourselves.

## Sorbière's 'Relation d'un voyage en Angleterre' (The Diary of Samuel Pepys)

He was very hospitable and exceeding popular in Berks, the whole t H.

## Thomas Sprat (Sprat, Thomas, 1635

He hath yet there 7 or 8000 It. The bulk of his thoughts sometimes swelled his verse to nnexpected and ineuitable grandeur; bat his excellence of

this kind is merely fortaitous : he sinks willingly down to his general carelessness, and avoids with very little care either mean- ness or asperity.

### **Memoirs for the Life of M. Samuel Sorbiere**

Her son Bartholomew had no inclination for painting, and relinquishing it, studied physic under Dr. Our old vicar preached, taking leave of the parish in a pathetic speech, to go to a living in the City.

### **Thomas Sprat (Sprat, Thomas, 1635**

Sir Thomas More, knight: Quaestiones duae: An chimaera bombinans in vacuo possit comedere se- cundas intentiones? Many have studied to exasperate the 5 Janus. He was still doubtful, and would resolve on nothing yet, so I took leave. She had been preceptress to the Princess Elizabeth, King Charles's second daughter, and wrote on education 1673.

### **Astronomy**

The arms of the Heydons are argent, and gules a cross engrailed counter-changed, make the third escutcheon in the north-row over the choir, and are in several places in the glass windows, especially on the south side, and once in the deanery.
