The reviews speak for themselves and it seems like a great resource for someone looking to get into the game. These are from the ASSRA Archives keeper.

### Rifles

The rifle is equipped with the Ghost tang sight: the small eye piece ring enables a quick instinctive aiming at the target, while quickly shouldering the rifle. Brent Brent sums it up quite well. Too large since most of these matches were shot at far shorter distances than the long range matches of the 1870s and early 80's, which became less popular as the German shooters who came to this country in larger numbers during the 80s brought this new sport with them and it began to grow in popularity.
