15 Best Guppy Tank Mates

Male guppies that are brighter in color have an advantage in mating as they attract more females in general, but they have a higher risk of being noticed by predators than duller males. Avoid fish flakes which have fillers such as wheat and soy listed as the first few ingredients.

15 Best Guppy Tank Mates

Guppies, Tetras and Swordtails all like to be kept in groups so you might just want to choose one or two of those species and keep a larger number of them

Guppy's Restaurant

Guppies are ovoviviparous, which means that the females grow the fish inside their bodies, inside an egg.

Terms and conditions of this offer are subject to change at the sole discretion of PetSmart. What fish are the best tank mates for them?? An is recommended to keep the water warmer at 76 to 78°F, since these new lines of fancy guppies are not as resilient as the original species found in the wild.

Types of Guppies (Including Fancy Varieties) With Guppy Care Guide

The Guppy Fish - A guide and forum on breeding and care Aqua-Fish. Our primary topics include aquascaping, tank guides, equipment reviews, and showcase of various examples of great aquariums across the web. Fancy guppies are able to live and thrive among male and female bettas, but fancy guppies, having larger more colorful fins, can look like a small male betta.
