The Best Plant Identification Field Guides & Books

Poisonwood is an evergreen shrub or medium sized tree 25 - 35 feet or taller, has a short trunk with drooping branches and a spreading, rounded crown. Seed cones 7—15 cm long and falling after opening.

Field Office Technical Guide (FOTG)

The seed cones are small, also about 1. This book covers both natives and exotics and includes suggested field sites for observing the species described.

Florida Forest Service

In the United States, it is planted as a landscaping ornamental in USDA zones 6 through 8b, which means that its use in Florida is restricted to the panhandle. The wood is therefore primarily used for fuel and firewood.

Trees: South Florida and the Keys Florida Field Guide
