But to ensure they do your wall justice, they should be hung correctly. Some are done from actual art that was used in the Medieval period and some are just for fun. For example, a king might have commissioned one with a scene depicting a great victory in battle.

### Wall Decor and Wall Displays

This can be done quickly using wood staples. The horizontal loom is more commonly used, although the iconic Gobelin manufactory worked with vertical looms. They have a heavy lining, rod pockets and are blocked for squareness.

## **Universities**

Modern Interior with Tapestry on Wall Trendsetters in Paris welcomed the tapestry craze in 2013 by hosting an important and forward-thinking exhibition focusing on modern examples with an urban flavor. Other tapestries may consist of a series of many pieces all based on a common theme. Many customers also like to display the plaques in the office at their place of work.
