### The Influence of Pressure Groups on the Government Essay

Through their contributions, corporations have established a decided superiority over their rivals and critics in every area that is of vital concern to them.

### Interest Groups in American Politics

They try to use the system of judicial review to get the unsuited laws and policies rejected as unlawful. They play an important role in the transmission of cultural values and in influencing the behaviour of the people in politics. Ideological Interest Groups Interest groups represent people or organizations with common concerns and interests.

### Pressure Groups

Prior to this, the ban on the sale of assault weapons, introduced in 1994, lapsed in 2004 partly due to the work of the NRA and the sympathy to the gun cause from the Bush administration. Their membership is often quite devoted to the issue, and motivated by personal experiences or to participation in ongoing social movements. In the 1950s, no more than a dozen very large pressure groups dominated Washington politics.

### The Pressure Elite: Inside the Narrow World of Advocacy Group Politics

But they have also acceded to a massive redistribution of wealth from the poor and lower-middle class to the upper-middle class and the wealthy, while acquiescing in the deregulation of corporations and banks. US Government Interest Groups The practice of local governments lobbying the federal government started with the New Deal during which an attempt was made to organize the distribution of funds and programs during that period.

### Difference Between Pressure Group and Political Party (with Comparison Chart)

People with similar political ideology can become members. Pressure Groups take resort to agitational measures to achieve their objectives, which include marches, petitions, processions, demonstrations, fasts, strikes, and even boycott.

## **8 Important Functions and Role of “Interest Groups” in Politics**

SEE ALSO Behaviorism; Collective Action; Dahl, Robert Alan; and Interests; Mills, C. A group of American corporations led by Chrysler, TRW, Corning Glass, USX, and Milliken began funding policy groups that favored using trade laws to protect American industries.

### **Pressure Groups**

They may disproportionate influence, some groups have more power than others.

### **Interest groups in American politics : pressure and power**

These groups also write to the media, issue press releases, organize debates and take part in discussions, etc. Trade unions, even during their heyday in the 1970s, suffered from the fact that business groups enjoy a series of structural advantages over them, in particular through their role in the economy. The scale of the opposition.
