Virtual Reality in Construction

Scope of the Report Virtual reality blurs the line between digital and physical worlds, thereby, generating a sense of being present in the virtual environment for consumers.

How Virtual Reality (VR) can Enrich the Hospitality Industry

Healthcare industry is very efficiently using VR technology to aid and treat patients both physically and mentally.

Applications of virtual reality in construction

For example, Seeking Dawn is one of my favorite ones for the awesome graphics and sci-fi shooting adventure.

British Library EThOS: Virtual reality applications in the house

Wanna keep up with the latest VR trends? VR makes it possible to see not just what a building or space will look like but how it will feel.
