Desert Gardens International Rock, Gem & Mineral Show

Includes an introduction to cabochon cutting. Once there you can click on it and print it out.

McRocks

It's been a rockhound's paradise since the 1960s. Sapphire Cuts Looking for a rare sapphire cut? Shop is a non-commercial site in that the rocks and mineral specimens displayed here are Not for Sale at least, not through me , but you are welcome to browse all you like. Our supply is limited and can not be replaced since the deposit in Brazil is depleted.

Crater Rock Museum— Brought to you by the Roxy Ann Gem & Mineral Society

If you have never visited a rock shop, check out the list below and visit one near you. It is not a list of gift shops, tourist shops, or other types of stores that happen to sell a few rocks or crystals. All the merchandise displayed by vendors must be 75% gem, mineral or jewelry related.

Agate, Gem Stone, Rock Picking Lake Superior

Gift Ideas for your favorite Rock Hound Links for Rock Picking on Lake Superior Beachs and information on Agates and Rocks found around Lake Superior I just recently found this site. It is for stores that have staff members who know a lot about rocks and can answer questions about them.

The Rock Warehouse

He wanted to supply his own rock habit and to fill the needs of other rock hounds.

Official Site

The Gem Shop has imported rock from Morocco, South Africa, Namibia, Botswana, Malawi, and Madagascar, the large island off the southeast coast of the African continent. Basalt results from lava that cools quickly on the surface; gabbro results from magma cooling slowly deep within the

earth; diabase occurs in between, cooling medium slowly and closer to the surface. We have presentations and activities during our meetings.

Crater Rock Museum — Brought to you by the Roxy Ann Gem & Mineral Society

A similar process occurs with basalt, forming vesicular basalt.

McRocks

Some stones may be a difficult call: basalt or rhyolite? Ironwood St ~ PO Box 881 ~ Quartzsite, AZ 85346 Regular Email Non-Powwow : Info QIAArizona. He also writes the articles about rocks, minerals and gems on Geology.
