Tickets sold by street vendors will not provide access to the grounds on Liberty Island and Ellis Island and the museums on each island — the Statue of Liberty Museum and Ellis Island National Museum of Immigration. In 1938, World War II started in Europe.

### Overview + History

However, those that couldn't pass were sent home. On the East Coast, Ellis Island welcomed new immigrants, largely from Europe. The main countries of origin for immigrants today are Mexico, the Philippines, China, Cuba, and India.

The annual quotas limited immigration from any country to 3 percent of the number of people from that country who were living in the United States in 1890. They also had to prove they had some money and, after 1917, that they could read.

### New Life

Few immigrants came during this period; in fact, many people returned to their home countries. Today, there is a statue of Annie on the island.
