The best part of this book, however, is the unique and practical way the author takes modern harmonic concepts and shows you how to apply them in real music situations! Rather, the 20-page Foreword offers insights on the tunings of all the instruments in the balalaika family, hand positions, string sources and height adjustment, and chord shapes. Written in standard notation with chord diagrams.

Bass Chord Picture Book Book/DVD Set

The Tutor jumps right in with exercises and tunes in quarter, eighth, and sixteenth-note values with occasional dotted notes and syncopation. Volume 1 of this method for individual or group study offers an overview of the various styles of guitars and playing techniques with advice on purchasing and caring for the instrument, selecting guitar strings, and playing positions.
