Winamp Generated PlayList

Grapes stood at the altar and read what I had written, orating as if to a crowd of hungry voters made captive by a meal promised afterward. He said that Fangoria and Bloody Disgusting are not reliable sources even though they are listed at as reliable sources.

Dragons Gonna Drag: The Dream of Wyrld

Even at the age of ten I thought that knowledge was power, and that mathematics in particular should be seen as equipping my mind with tools to better solve problems. I bet anyone who is still a Marxist has never had an economy-class middle seat on a packed long-haul flight like this one.

Also, you don't have to cauterize the neck stumps to keep the heads from growing back, so that's nice.

Welcome to Less Wrong! (2010)

Specialist is a good name for a class, after all. This is a plain and blessed thing. I have no interest in A-class for this article.

Welcome to Less Wrong! (2010)

But I think the core reason is that since no signal can spread faster than c , no signal can cross more than one Planck length over a Planck time, so a difference of less than a Planck time can never be detected.

Ilustrado

We are still conversant about the things of God; it is our study all the week long.
