OPTICAL TRAPPING AND OPTICAL MICROMANIPULATION V

Published in The International Archives of the Photogrammetry, Remote Sensing and Spatial Information Sciences. Out of nearly 750,000 publications in total in the optics category of the Web of Science from January 2005 to January 2021, three papers from the Shalaev group are among the top 50 most cited publications and they are ranked, in terms of the number of citations, as 16 V.
