For the record, there is one instance of two possibly infected blankets being given to Native Americans in 1763, hundreds of years after smallpox and measles started spreading across the Americas. Does any government have the right to take away peoples' liberty with military force? Yet forest rights will be meaningless if no forests are left, and the Right to Information will be useless if it does not lead to redress.

She could very well have been the voice of a nation that has been played by the politicians and the media for far too long, it needs the will of the people to see beyond the decisive plays at work, to see their collective interest in mind, but sadly it's human nature to be manipulated. Love her or hate her, but you cannot ignore her. Arundhati Roy has a gift: to polarize readers into two camps, the true believers and the absolute deniers.
