I have to downrate this book for calling itself the Ultimate when it's so consciously narrow in scope. I don't have the expertise to know one way or the other. Aside from her entries, Walker includes interesting trivia on the margins and begins each section with various images of historic statues, sculptures, paintings, and photographs.

CHINESE MYTHOLOGY: AN ENCYCLOPEDIA OF MYTH AND LEGEND BY By Derek Walters

Really poor: there are a few pages on each culture at the start that confuse myth, religion, and actual history.

Fairy

Folklore and Folktale Whereas myth has at its core the origins of a people and is often sacred, folklore is a collection of fictional tales about people or animals. . The thing about these more or less generic, easy reading reference books is that Wikipedia is quickly approaching them on every topic if it hasn't outdone them already.

Polynesian Mythology

. Daedalus warned Icarus not to fly too close to the sun, but the boy ignored him. The Polynesians became masters of navigation and other seafaring skills, and their religion and myths strongly reflected the importance of nature and the sea.

Fairy

Other myths addressed more specific questions about observable events.
