Fertility and Family Survey (FFS)

World Statistics Pocketbook - - Technical notes Country nomenclature The geographical designations and presentation of the material in this publication have been adopted solely for the purpose of providing a convenient geographical basis for the statistical series. For non-members of the Fund, the conversion rates used are the average of United Nations operational rates of exchange.

Gendering fertility: Second births in Sweden and Hungary

Fertility and Public Policies - Evidence from Norway and Finland.

THE FAMILY AND LIFE IN EUROPE

Transitions to first and higher-order births need to be explored as unique life-changing events. Today this preparation for marriage is increasingly combined with teaching the Gospel, accompanied more and more by a task of evangelization linked with welcoming, listening to and keeping in touch with the couples.

Societal Transition, Policy Changes and Family Formation: Evidence from Hungary

All of the case studies use large-scale longitudinal data and apply event-history analysis. Based upon multiple data sources including 90 interviews conducted in three cities, Barcelona, Madrid and Stockholm, we find precarious working conditions in the sector in both countries. Strootbants, La Belgique légale sous conditions l'euthanasie, Le Monde, Saturday 18 May 2002, p.

Modeling fertility in modern populations (Volume 16)

This prospect is common to nearly all industrialized societies. Booth, Oregon Law On Assisted Suicide Upheld, Washington Post, 17 April 2002. What will be the most important topics for the future of families in Europe? Eurostat, Premiers résultats de la collecte de données démographiques pour 2001 en Europe, Table 5.
