## **A call for a sustainable future society**

Do you agree with all of them? Africa will become in terms of food production.

## **8 predictions for the world in 2030**

The development of specialized training programs to ensure that all sectors of the workforce have the knowledge and skills necessary to perform their work in a sustainable manner has been identified as a crucial component of ESD. Modern society lives in an endangered planet. The Society projects and I concur, that experts in meta data and content will rule the executive suite.

## **Utopia and Dystopia**

Unfortunately, there is no consensus on how to derive the SDR. From creating educational programs around the world that immerse children in nature, to communicating the importance of sustainable living, to producing documentaries that shed light on the state of the planet, Ocean Futures Society reaches both large and small audiences, winning hearts, and helping people fall in love with nature.

## **Digital Future Society**

We further request that we together build a rolling 18-month calendar of regular meetings to review progress, make public announcements, and engage in joint diplomacy on the regional and international stage. The best case against germ-line theory may in fact lie in looking at the possible consequences of germ-line therapy on future society. Three notable papers on economics were published in the 1890s.

## **India Future Society**

Cinematographer employed vibrant gold, green, and electric blue tones throughout the film, and shot the film in , which adds an enlarged layer of grain. Individually set ambitious gender targets to be reached by 2030.

## **India Future Society**

This dire prediction is based on existing trends of overfishing, ocean acidification from CO<sub>2</sub> and our continued use of the ocean as a waste dump. As consequentialist arguments, these would of course have to be considered against similar arguments in favor of germ-line gene therapy, with its effect on individual health. Parrish is the CEO of BioViva-Science, a company . . .

#### **A call for a sustainable future society**

The Futurist was nominated for a 2007 for Best Science and Technology Coverage.
