Oblomov (TV Movie 2017)

True, they know that eighty versts away there stands the provincial capital; but few of them have ever journeyed thither. Unfortunately, in his dark-grey eyes there was an absence of any definite idea, and in his other features a total lack of concentration. Only at rare intervals would some one raise his head with a start, gaze around him with vacant eyes, and then turn over to the other side.

Oblomov (TV Movie 2017)

Meanwhile the rest of the servants gathered at the entrance gates, and thence came sounds of laughter, and of music, and of the playing of gorielki. Why should I stand here for nothing? Als de aanbiddelijke Olga op het toneel verschijnt, wordt Oblomows lusteloze leventje danig overhoop gegooit... Hartverwarmend, ontroerend, vaak grappig en heel herkenbaar, want zijn wij niet allemaal een béétje Oblomow? It must be done now or never.

It is their reception day, you know. He is characterised above all by a ponderousness that is almost immobility.

Oblomov

Peki, öyleyse neden tembellik yapıyor? So, even if the marriage is miserable, it is better than to be lonely; at least there is something to keep you occupied. Çevresindeki insanlar onu dolandırmaya kalkışır, köyündeki işlerini düzene sokması için güvendiği kişiler onu aldatır ama elinden bir şey gelmez. Nevertheless, I beseech you to read a poem which, I may say, is shortly to appear.
