Peterson therefore examines Lewis's Christian approach to these same questions in interaction with other worldviews. This book uses Paul Ricoeur's rigorous writings to envision a Just University necessary for the years ahead.

Philosophy of Religion

They just haven't worked it all out yet. Incorporating twelve new readings, *Philosophy of Religion: Selected Readings, Fifth Edition*, presents eighty-two selections grouped into fourteen thematic sections, providing instructors with great flexibility in organizing their courses.

Philosophy of Religion

The selections are enhanced by substantial section introductions, study questions, suggested readings, and an extensive glossary at the end of the book. I read it in order to support my wife while she took a college course in Religious Philosophy. The collection also includes topics often requested by instructors but seldom covered in competing texts, such as religion and science, religious pluralism, process theism, and religious ethics, offering greater flexibility in choosing exact topics for use in courses.
