Research Labs

Fellow researcher Paul Volberding, who worked with Lange for nearly 30 years and considers him a close friend, recalls how Lange refused to listen to naysayers who said it would be too difficult to bring life-saving HIV medicines to rural villages.

IAS Home

International collaboration clusters in Africa. Over the past several decades, researchers have learned a lot about the human immunodeficiency virus HIV and the disease it causes, acquired immunodeficiency syndrome AIDS.

Study in the Netherlands: Course Search and Advice, Cost and Info

After the first 30,000 iterations, a 30,000-sized sample from the full posterior distribution was subsequently extracted, with estimates reported as medians and 95% credible intervals CrI.

Advances in HIV/AIDS Research

We subsequently identified the documents that were also included in the WoS-CC databases by searching for all of the documents from the initial sample using their PMIDs the PubMed identifier used as a reference in MEDLINE and included as a bibliographic field in WoS-CC.

India, Netherlands, Sweden collaborate for HIV / AIDS research, Health News, ET HealthWorld

The endeavour brings together various Government and non-Government institutions in India including the Department of Biotechnology DBT , National AIDS Control Organization NACO and International AIDS Vaccine Initiative IAVI , along with Centers of Research Excellence such as Indian Institute of Science IISc , Institute of Genomics and Integrative Biology IGIB , Institute of Bioinformatics IOB , Jawaharlal Nehru Centre for Advanced Scientific Research JNCASR , and Y. In the past years, various intervention strategies have been implemented to improving HIV

testing rates in the Netherlands.

Advances in HIV/AIDS Research

Scientific production by country and degree of international collaboration Research production in Africa and the Middle East is concentrated in South Africa, whose researchers participated in 40. External funding for ENARP amounts to 32 million Dutch guilders for two periods of four years and is being provided by the Dutch Government.
