It is necessary to insist upon the fact that this is the form in which the question ought properly to be put. Finally, the third dimension defining a contract's generality may be narrow, middle range, or overarching. The system of informal rules of the road is such a collective agreement governing, along with coextensive formal traffic laws, a community of drivers.

Du Toit, D

But the success of peaceful methods sometimes causes the evils of conflicts to be forgotten and the precautions taken against them to be relaxed. . The case for this class of coercive intervention is generally based upon the injury done by industrial disputes to persons other than those directly engaged in them.
