What Is Postmodernism?

Baudrillard argues that all of these realities have become simulations, that is, signs without any referent, because the real and the imaginary have been absorbed into the symbolic. As a result of Postmodernism, planners are much less inclined to lay a firm or steady claim to there being one single 'right way' of engaging in urban planning and are more open to different styles and ideas of 'how to plan' Irving 474. Thus Perniola sees social and political interaction as repetitive patterns of action having no inherent meaning but constituting, nonetheless, an intermediary realm where oppositions, particularly life and death, are overcome in a to-and-fro movement within their space of difference.

Trump seems quiet happy to turn us into a Russian style oligarchy while his supporters praise him for putting down the lefties that will turn us into a Russian style country. In *Postmodernist Fiction* 1987, details the shift from modernism to postmodernism, arguing that the former is characterized by an epistemological dominant and that postmodern works have developed out of modernism and are primarily concerned with questions of ontology. Intellectual impostures : postmodern philosophers' abuse of science.

Does postmodernism entail nihilism?

These differences cannot be overcome, in Hegelian fashion, by canceling them under a higher-order synthesis, but must be eroded or defaced in the course of traversing them. Postmodernism is associated with and a focus on in the maintenance of economic and political power. How, then, can difference be characterized? I'm not a clinical psychologist but I'm sure his work in that area is just fine and maybe there's something to it, as far as I know.
