Sufi Practices

Fremont, California: Jain Publishing Company published 1994.

History of Sufism

Sufi ideas and principles The main idea in Sufism is that people can have 'personal knowledge' or oneness with God in their lives. God is at once the First al-awwal and the Last al-akhir , the Outward al-zahir and the Inward al-batin. It transcended the narrower sectarianism of the more traditional political parties.

Sufism — What is it?

The most important method, and the one which had the most effect on the lives of ordinary people, was the veneration of the Prophet and the Sufi saints. The village has today become a popular place of pilgrimage for supplicants both Sunni and Shias. The exercises dhikr include reciting prayers and passages of the Quran and repeating the names, or attributes, of God while performing physical movements according to the formula established by the founder of the particular order.

Sufi Islam

Andalusi Sufism was at its peak at this time.
