**Discussions: Teaching Strategies: Teaching Resources: Center for Innovative Teaching and Learning: Indiana University Bloomington**

Your students will then need to log in to their accounts to participate in the poll.

## Storytelling in Teaching and Learning

Remember that you can organize a discussion in many different ways: you can have students work in small groups, role-play, choose sides for a debate, or write and share a paragraph in response to the theme in question 1.

## Teaching and Learning

Think of reading as an important part of pre-studying, but learning information requires in the material Edwards, 2014. Naming the chapter your students will read is not enough. Problems are your friend Working and re-working problems is important for technical courses e.

## RBT Courses

Try to do something for each class each day. Typical tests Authentic tasks Indicators of authenticity Require correct responses Require a high-quality product or performance, and a justification of the solutions to problems encountered Correctness is not the only criterion; students must be able to justify their answers.

## Teaching and Learning

While retrieval may be one reason that teaching helps learning, there could be other reasons.
