Negotiation in Law Practice Chapter 2. The book can serve as a text for a 2-4 unit stand-alone depositions course either live client or simulated or as a supplement to a civil pre-trial lawyering course.

Pretrial Litigation

Although the focus is on litigation, the book also explores the increasing use of alternative methods to resolve mass disputes. The book is theoretically sophisticated enough for use in academic research or legal practice, but written in a manner to be accessible to students. Coverage includes client interviewing, attorney-client relationship, pretrial planning and investigation, the complaint, responses, discovery, interrogatories, depositions, production requests, examination, and admissions.
