### Otter Creek RV Park and Marina, Antimony, Utah

The cold, clear water of this large reservoir offers year-round fishing for rainbow trout. At the intersection of KY 144 and KY 79 turn left and follow KY 79 for 2.

### Otter Creek, South Point Recreation Site, Otter Creek Reservoir Recreation Area

Once you reach the West side of the reservoir turn East onto a dirt road. The park is also a popular spot for hunters to make a base camp as they search for deer and elk in nearby mountains. The trail system crosses three State Parks and allows for access into the many communities along the trails.

### Otter Creek Reservoir State Park

Lure a record catch from Otter Creek Reservoir, a prime fishery where anglers fish for rainbow trout, cutthroat trout, brown trout, and small mouth bass.

### OC01, STANDARD

Flashy spoons, lures, spinners and Rapalas are a good choice if you are throwing hardware. Turn left onto HWY 1638 and follow it approximately 4 miles to the entrance of the area on the right.

### Otter Creek Reservoir Recreation Area

Mountains cradling clear alpine lakes, the remnants of ghost towns, and rare precious gems. Try fishing off points on the west side of the reservoir or near the dam and campground. Went in the restroom just after they had cleaned it and the cleaning towels were still on the floor and they had been smoking.

### Otter Creek State Park

We only ate at the cafe twice and they were serving tri-tip and ribs-how could we not try it-it was delicious! The primary activities include fishing and boating - although the site also serves as a regional staging area for extended and day trips into the surrounding National Forest, Utah State Lands and BLM managed lands by horse, foot, and vehicle.

### **Camping at Otter Creek Reservoir Recreation Area**

But what amazing owners they are! Beach front camping is available. See our full for details. Visitors must be parked in campsite spaces or overflow area.

### **Otter Creek State Park, Utah**

A Utah State Park is located at the south end and provides well developed facilities. Thank you for visiting and for your ongoing support! Do not use recreational water. It's world-class fishing, river running, biking, hiking, and camping in alpine meadows and red rock canyons.
