Keep him moving and then praise him when he eliminates. It is a technique that is the foundation of many training programs.

How to Train Pugs (with Pictures)

They are a very special breed. Do not scold, use violence or punish your pug. You pick it up to read it and the inside pages are upside down and back to front mixed up.

How to Train Your Pug

I also reward him if he uses the pee pads, even if later. We all let down our guard sometimes, so just try to do better next time.
