Select a car then enter any zip code. National Time Use Survey This survey has been conducted by Nippon Hoso Kyokai Japan Broadcasting Corporation every five years since 1960 with a purpose to examine the daily time allocations of people in order to make broadcasting programme better suited to daily lives of most people and also to provide basic data for wider users in this area. We will improve the quality of our less popular council estates, which will mean relaxing the rules under which improvements to estates less than 30 years old cannot attract Government subsidy.
