Indonesian Visual Art Archive

. . Patients possessing any or all of these factors are less likely to be referred to a CR program than those who are younger, male and proficient in English Aragam et al.

Womanifesto II

Ropiredy D, Bachus SE, Ascoli GA 2012 Non-homogeneous stereological properties of the rat hippocampus from high-resolution 3D serial reconstruction of thin histological sections. .

Indonesian Visual Art Archive

Established in 1999, the Live Art Development Agency provides practical information and advice, offers opportunities for research, training, dialogue and debate, works in partnership with practitioners and organisations on curatorial initiatives and develops new ways of increasing popular and critical awareness of Live Art.

Sydney Biennale Part 2

. Live versus video observations: Comparing the reliability and validity of two methods of assessing classroom quality. .

Megalania

The closed system of reasoning, in which their minds are imprisoned by training and in which the experimental evidence which carries weight with them confirms for them at every turn, makes any admission of inadequacy quite impossible. .

Megalania

. These stones, differing in sizes, shapes, colours and textures, resemble human lives: they both come from various worlds and locales, races and identities, past and future. .
