Internally, very serious pressure is mounting on Allende, who, nonetheless, visits by helicopter to talk with his favorite poet. A new door opened between you and me and someone, still without a face, was waiting for us there. If you can buy into the original premise that a Nobel Prize winning poet Pablo Neruda would hire a young man with no experience other than from his reading of Georges Simenon's Inspector Maigret novels, you will be carried along I found this an ambitious book which combines literary and political tropes to good effect.

I happen to be tired of my feet and my nails and my hair and my shadow. She worked as a typist and wore English clothes to work.
