Ransomware Protection uses proprietary tech to create a powerful defense against malware that locks down your PC and takes your files and photos hostage. You can set it to refresh your pages at custom intervals or any predefined ones. It doesn't just find threats like malware and viruses, it also finds potentially unwanted programs that can slow you down.

### IE Assistant

It was a little better at downloading files, if only because it grabbed all of the possibilities from the page by category, including images, MP3s, and flash files, but the preview pane never displayed anything for our testers. Adblock Plus for Internet Explorer is officially supported for IE 8 + versions.

### IE Assistant

The features worked well for the most part, but it frequently seemed to duplicate capabilities already found in IE or in Windows-standard accessories. Our free scanner is what put us on the map. It also tells you more about threats it finds, like their type and behavior, so you can make smarter security decisions.
