Treaty Establishing a Single Council and a Single Commission of the European Communities and Annexed Documents. Signed at Brussels, 8 April 1965

While keeping the 3 communities legally independent, the Merger Treaty rationalised their institutions by merging their then still independent executive bodies — thus bringing to 5 the number of common European institutions — and amended the 3 community treaties accordingly. The Council shall act by the majority laid down in the first sentence of the fourth paragraph of Article 28.

What is the Merger Treaty?

Its aim was to create a single market and an area without borders in which the free movement of goods, people, services and capital could take place.

Al Moqatel

Appropriations shall be classified under different chapters grouping items of expenditure according to their nature or purpose and subdivided, as far as may be necessary, in accordance with the regulations made pursuant to Article 78f.

Requests for authorisation are to be addressed to the authors or right holders concerned. For example, if a policy area is not cited in a treaty, the Commission cannot propose a law in that area. Under the treaties, EU institutions can adopt legislation which the Member States then implement.

Treaty Establishing the European Community

Article 78e The Council shall appoint an auditor to serve for three years; he shall draw up an annual report stating whether the accounting and the financial management of the High Authority have been effected in a regular manner; this report shall not cover entries relating to the administrative expenditure referred to in Article 78 2 , to administrative revenue or to revenue derived from the tax for the benefit of the Community levied on the salaries, wages and emoluments of its officials and other servants. The auditor who, pursuant to Article 78 of the Treaty establishing the European Coal and Steel Community, is in office on the date of the entry into force of this Treaty, shall take up the duties of the auditor provided for in Article 78e of that Treaty for the remainder of his term of office. Original As Enacted or Made : The original version of the legislation as it stood when it was enacted or made.
